Hi, my name is Sara. I've worked as a volunteer for two years now. We collect food that people donate and we distribute it in homes where they need it. It's a lot of fun! We get to share with the elderly and children all the time. We sometimes stay longer in a home playing games or just talking with the people. I love what I do!

Hello! I'm Rodrigo and I have loved gardening since I was a little child. My favorite way of volunteering is planting trees in areas where there have been fires. Unfortunately, wildfires are a common thing in my region, and I've helped to reforest these places with endemic trees and plants. I'm usually very tired afterward, but I would never stop doing it, it makes me happy!
