A Travel Itinerary

How do you plan a trip? There are lots of things to consider when traveling abroad, and a number of steps to follow.

Where do you want to go? Choosing a location is the first and probably most important stage! Make a list of places you want to visit.

How much money will you need? Plan your budget: flights, accommodation, food... Can you afford it?

What do you have to take with you? If you are going on a long trip, it is best to travel light—only take the essentials. What is the weather like there?

What clothes will you need? Don't forget your documents!

When are you going? Remember to record all dates for each stage of your trip and make sure other people know about them! What transportation will you use?

What are you going to do? This is the fun part! Make a list of all the things you want to see and how you are going to see them.

Remember, by planning well, you will get more out of your dream vacation. Have a great trip!
